The screenshot shows the Battlefy website's settings page. The browser address bar displays `battlefy.com/settings`. The left sidebar features the Battlefy logo, a search bar, and navigation options: Home, Browse Tournaments, Joined Tournaments, Organize Tournaments, and Armoury. At the bottom of the sidebar, the user's language is set to English, and there are links for Wallet (0 coins), Profile, Settings, and Logout. The main content area is titled "Account Settings" and includes tabs for ACCOUNT, CONNECTIONS, and PRIVACY. The ACCOUNT tab is selected. It contains several settings sections: Email (with a "Change email" button), Password (with a "Change password" button), Username, Timezone (with a dropdown menu and "Current time: 6:21 AM PST" displayed), and Mailing Preferences (with a checkbox for receiving news). A "Save Changes" button is located at the bottom right of the settings area. Red circles highlight the "Settings" option in the sidebar, the "Timezone" dropdown menu, and the "Save Changes" button.
